

FT 1000 – Europe's Fastest-Growing Companies 2022

INTRODUCTION

Following the great success of the previous reports, The Financial Times and Statista are again looking for the fastest growing companies in Europe, the FT 1000. **The 1,000 companies with the strongest revenue growth between the years 2017 and 2020** will be featured in a Financial Times special report and on FT.com. Innovative and fast-growing companies are the driving force for Europe's economy in the 21st century. They generate jobs, a number we will also count, and sustain Europe's competitiveness. Exploring and making these exceptional performances publicly visible is the aim of the FT 1000 ranking.

Potential candidates will be contacted by Statista and may also self-register for inclusion in the ranking by 30 November 2021.
